

Border to Coast UK Listed Equity Fund

29 February 2024

Investment Objective

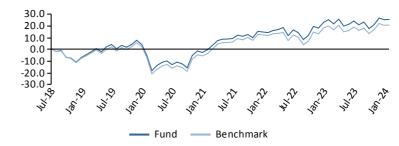

The fund aims to provide a total return (income and capital) which outperforms the total return of the FTSE All Share Index by at least 1% per annum over rolling 3 year periods (before calculation of the management fee).

Investment Policy

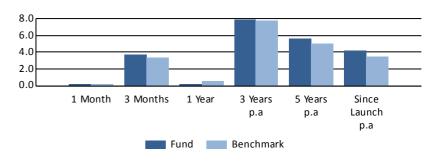

The fund invests primarily in listed equities of UK companies which are included in the Index. Due to the global nature of the companies which make up the index there may be an exposure to countries other than the UK through those companies' operations. The fund is not currently using derivatives for either investment or efficient portfolio management purposes. In the event that Border to Coast intends to use derivatives for either of those purposes within the fund it will give Unitholders 30 days' notice, and may make use of stock lending.
